WHAT DOES THE CHATBOT DO?

The chatbot generates potential outcomes based on self-reported information, allowing individuals to learn what types of charges may be eligible for expungement services. While the chatbot does not offer official legal advice, it does provide an individualized experience for community members.

THE PROCESS

Simply select ‘Adult’ or ‘Juvenile’ and answer the questions as they appear. The questions will auto-populate in a unique order based off of the responses self-reported.

THE RESULT

The chatbot will generate potential eligibility outcomes and suggested next steps, based on the responses self-reported in the questionnaire.
