# WHAT IT MEANS TO BE AN

## EDUCATION EQUITY AMBASSADOR

### THE PURPOSE

The Education Equity Ambassador program aims to educate, engage, and empower Delaware parents and guardians to advocate for our schools and children and enable them with the skills to make changes for the better.

### THE GOALS

Education Equity Ambassadors complete a paid training over the course of six sessions to better understand and navigate avenues for change, and to grow the skills necessary to become community advocates for important equity issues impacting Delaware schools and students.

Issues include academic achievement, budget equity, restorative discipline practices, diversity and inclusion, accessibility, and more. After completing the training, EEAs continue their work by advocating for policies and practice improvements at the school/district level and legislation for statewide change.

### APPLY NOW

### THE EXPERIENCE

"The EEA program helped me build the skills to lead others in advocating for their children's educational needs. Shannon's expertise equipped me with the tools and knowledge of educational equity challenges to be a more effective changemaker in my community."

*-Kenyon Wilson, Fall 2023 Cohort*
