

# DELAWARE'S CRIMINAL JUSTICE, ECONOMIC AND EDUCATIONAL SYSTEMS NEED SOME FUNDAMENTAL CHANGES, AND WE'RE THE PEOPLE WILLING TO DRIVE THAT CHANGE.

Our bold campaign highlights the direction Delawareans want to take our state.

## WE ARE PROUD TO INTRODUCE...

### TOGETHER WE COMMIT TO ELECTING OFFICIALS WHO SUPPORT:

#### *Smart Justice:*

Expanding the use of alternatives to prison, sending fewer people to prison with shorter sentences, ending money bail and holding elected officials accountable.

#### *Economic Justice:*

Instituting a living wage, implementing a progressive tax system where the wealthy and corporations pay their fair share, supporting the development of cooperative or social economy networks and equal pay.

#### *Education Justice:*

Instituting equity in education by ensuring every child receives a high-quality, well-funded, diverse public education from pre-K to college.
